Notes to the Tariffs:

* Commissions are VAT exclusive. The costs associated with providing additional information to sub-custodians (for example, attestations, confirmations, etc.) and other non-standard custody fees as well as non-standard banking fees (for example, currency control service fee, swift and other documents request etc) are not included in the Commissions of Landmark Capital CJSC (LMC) and are reimbursed at the Client's expense. Depending on the specifications of the Client's activity, their nature and volumes, other tariffs may be set for the Client by internal decision of LMC.

** Non-institutional clients are all clients other than Institutional as determined hereto.

*** Institutional clients are financial institutions (banks, brokers, insurance companies, fund managers etc) and their related entities/persons as reasonably determined by LMC.

**** If price is less than 8 USD, than the commission of 0.25% plus 1 (one) cent per instrument applies.

¹ Application processing fee is a one-time payment to LMC at the time of application, regardless of the application's outcome.

² The service is available exclusively for financial institutions. It covers consulting on depository transactions and special rates for depository/custody services.

³ The account shall be deemed inactive if the last trade was executed more than six months ago and there are no open positions. To resume using the account after an inactivity period, it must be reactivated by paying the applicable fee.

⁴ The non-standard commission for withdrawal of funds applies if both conditions apply: (1) The account has been funded with securities transfer, not cash transfer (2) The client did not perform any trades, or performed only a few nominal trades (as reasonably determined by LMC) or traded with the sole purpose of liquidating the transferred securities and withdrawing the proceeds. Additionally, the non-standard commission for withdrawal of funds may apply if there is account funding and subsequent withdrawal without sufficient trading activities (as reasonably determined by LMC). The rate of commission shall be agreed upon between LMC and the Client for each non-standard withdrawal order.

⁵ Restricted securities refer to financial instruments that are subject to trading limitations due to regulatory/targeted/sectorial sanctions or issuer default. It is advisable to consult with the trading department to determine whether it is possible to trade or settle a specific security.

⁶ Free of charge without transfer of ownership or as part of the transfer of securities in the case of universal succession. The commission is charged in case of registration of the transfer of ownership.

⁷ Value of bonds is calculated at nominal price. The value of stocks, depository receipts and other securities, except for bonds, is calculated at the closing market price of trade day's previous day (T-1), unless otherwise agreed additionally.

⁸ In case of withdrawal/write-off of securities within a month, the calculation is based on the market closing price of the previous day from the date of withdrawal /write-off of securities for all securities except for bonds. Value of bonds is calculated at nominal price. The value of stocks, depository receipts and other securities, except for bonds, is calculated at the market price of the previous day's closing, unless otherwise agreed additionally. The calculation is based on the number of calendar days under custody.

⁹ In the absence of market price, the value is considered as NAV calculated by the independent third party of fund manager (if applicable).

¹⁰ In the absence of market price, the value is agreed upon additionally.

¹¹ Any additional fee is included in the transaction price and is not be separately accounted for.

¹² Subject to additional conditions, depending on the activities, portfolio type, etc.
